CHILDCARE STAFF SERIES

Date/Time	Topic
Sat. 4/17/21 10:00-11:30am \$10.00	Hand Strengthening Activities to Improve Fine Motor Development: Children who struggle with hand strength may have difficulty with grasping a pencil, learning to use scissors, and managing clothing fasteners. They are also likely to struggle with handwriting and other classroom skills. Sign Up At: KYReadyForSchool.com
Sat. 4/17/21 12:00-2:00pm FREE GO TO WEBSITE TO SIGN	Ready to Learn Family Engagement Resources: Featuring resources from KET's Ready to Learn Grant, come explore multimedia resources that support science and literacy development, designed for use in after-school and out-of-school settings. We will also explore the Family and Community Learning model for multi-generational hands-on family engagement designed to support science and literacy development among children and families. All resources are FREE and come packaged with full activity plans, supporting materials for facilitators, related video clips and digital games, and take-home support to encourage family engagement. Sign Up At: KYReadyForSchool.com OR http://bit.ly/3nJ3aqN
Sat 5/15/21 10:00-11:30am \$10.00	Developmental Screening: Ages and Stages Questionnaire-3rd Edition, ASQ-3: Access it for free, how to score, interpret and use it for planning. Sign Up At: KYReadyForSchool.com
Sat. 5/15/21 12:00-2:00pm FREE GO TO WEBSITE TO SIGN	Science Inquiry in the Classroom: How do children learn about science? They learn it best by living it every day! In this session, participants will acquire strategies for creating an environment that encourages children to learn science through exploration of their world. Participants will learn how the science inquiry process will incorporate fun, hands-on science into the daily schedule. These activities are built on children's natural sense of curiosity, wonder, and discovery; creating an interest in science that will build a foundation for school success. Online resources and activities for science will be highlighted. Sign Up At: KYReadyForSchool.com OR http://bit.ly/3ia77Ug
Sat. 6/5/21 10:00-11:30am \$10.00	Self-Regulation: What it is? How can we help children develop it? Self-regulation starts when children are babies. It develops most in the toddler and preschool years, but it also keeps developing right into adulthood. Sign Up At: KYReadyForSchool.com
Sat. 6/5/21 12:00-2:00pm FREE GO TO WEBSITE TO SIGN	Let's Talk Feelings: Social Emotional Development with Daniel Tiger: Featuring content from the award winning PBS KIDS show Daniel Tiger's Neighborhood, this session will focus on social and emotional curriculum and media tools for children aged 2-5 that can be used to teach the youngest learners skills like patience, dealing with frustration, and how to understand and manage their feelings. A recent study showed that kids who watched Daniel Tiger's Neighborhood had higher levels of empathy, were better at recognizing emotions and were more content in social situations. Sign Up At: KYReadyForSchool.com OR http://bit.ly/3qinBwt

These discounted trainings are funded in part by grant funds the Council receives from the GOEC.
